The design of the E95S elliptical has been crafted to meet the needs of all users by incorporating an adjustable stride length, accommodating various user heights and strides at the touch of a button. The power-adjustable stride on the E95S offers the same low-impact workout as our other ellipticals and assists users in finding their comfort zone during each workout, allowing peace of mind so you can direct your focus toward reaching your fitness goals and worry less about post-workout aches and pains. The E95 includes an integrated tablet holder. This allows you to use your smart devices to watch shows or follow your workout routines. Seamlessly listen to music through the Bluetooth 3.0 Audio Speakers from any enabled smart device. Also included is a USB port to charge your smart devices while working out.
