The stationary cycle has long been one of the most popular items of home exercise equipment. They are known for being light weight, durable, easy-to-use, and space saving, and the SOLE B94 stationary cycle is no exception. The SOLE B94 provides a workout that is challenging, but comfortable and convenient. The adjustable gel seat, strong frame and ergonomically designed pedals allow the machine to conform to your needs while the straightforward programs, 9" LCD monitor, and included chest belt help you to spend time clearly focusing on your fitness goals. The B94 includes an integrated tablet holder. This allows you to use your smart devices to watch shows or follow your workout routines. Seamlessly listen to music through the Bluetooth 3.0 Audio Speakers from any enabled smart device. Also included is a USB port to charge your smart devices while working out.
