XBR55ENT RECURMBENT BIKE

The XBR55ENT is a premium recumbent bike with the potential to be beneficial for individuals of all fitness levels, owing to their low impact posture and movement requirements. Powered by a durable belt drive system and a 24 lb flywheel, it offers a smooth and quiet ride with 20 levels of resistance for tailored workouts. Its standout feature is the impressive 10.1" ClearView™ touchscreen console display, providing a user-friendly interface to monitor essential metrics like calories, time, distance, and heart rate. Garmin users can pair their compatible smart wearables to the Spirit Fitness ENT touchscreen console to view your most significant training data in real-time. Bluetooth adds connectivity to 3rd party apps and support for audio. With hand pulse sensors, a heart rate receiver and transmitter (chest strap not included), water bottle holder, and transportation wheels for convenience. The XBR55ENT is designed to support your fitness journey for years to come.

FEATURES

- Advanced Bluetooth-enabled 10.1" ClearView+™ touchscreen display with built-in apps, screen mirroring, and USB charging port
- 24 lb flywheel with 20 levels of magnetic resistance
- Fully adjustable seat and oversized quick latch pedals
- Contact and wireless heart rate monitoring capabilities
- Step-through frame design for easy accessibility
- Adjustable Arm Rests
