

XBR25 RECURMBENT BIKE

The XBR25 Recumbent Bike is designed with your fitness journey in mind, offering an accessible and effective workout experience. Its console features a user-friendly 7.5" backlit LCD display, making it easy to track your progress. The 20 lb flywheel ensures a smooth and stable ride, while the 20 levels of resistance allow you to tailor your workout to your desired intensity. With a comfortable high-density foam seat, multiple seat adjustments, convenient step-through frame design, and heart rate sensors, this recumbent bike provides a comfortable and efficient way to achieve your fitness goals all in the comfort of your home.

FEATURES

- Sleek charcoal metallic steel frame and 7.5" blue backlit LCD
