The F63 treadmill has been reviewed as "Simply the best quality treadmill in its price range" and "an unbelievable value" by numerous consumer resources and magazines. SOLE has earned a reputation for building quality treadmills using the best components and the F63 is no exception, even at its lower price point. The strong 3.0 CHP motor delivers challenging speeds up to 12 mph and inclines up to 15 levels, and can run up to ten programs including targeted cardio training and fat burning programs. The F63 includes an integrated tablet holder. This allows you to use your smart devices to watch shows or follow your workout routines. Seamlessly listen to music through the Bluetooth 3.0 Audio Speakers from any enabled smart device. Also included is a USB port to charge your smart devices while working out.
