

# CSC900 STAIRCLIMBER

The Spirit Fitness CSC900 StairClimber is a great way to get a challenging yet rewarding workout. A sturdy industrial drive system ensures years of reliable, trouble-free service. The 21.5" step width and 11" step depth provides one of the largest step surface areas of any commercial machine, which increases safety while also easily accommodating training positions such as side crossover steps. The CSC900 has 10 pre-programmed workouts, 20 levels of resistance, and can reach up to 168 steps per minute to help you keep your fitness routines challenging. The multi-position handlebars include built-in heart rate sensors and resistance controls to help you stay in the zone.
