

Unique or Added Value Features

FlexTech™ Table Bed

Supported by an 8-point suspension system that flexes as you move. Flexible design maximizes decompression.

Support & Stretching Options

Stretch Assist Handles with angle guide provide added stretching options and offer assistance while inverting. Grip-and-Stretch Handholds in the frame and bed provide additional leverage for targeted stretching for more relief.

Comfortable Ankle Lock System

Ergo-Embrace Supports surround the ankles to distribute weight comfortably and evenly around the feet and heels. The Ankle Comfort Dial offers an adjustable foot platform height for smaller or larger feet to ensure a comfortable fit.

Value-Added Accessories

Release tension, increase circulation, and relieve muscle discomfort with Acupressure Nodes. Add the Lumbar Bridge, an adjustable, flexible and supportive lower back support for targeted decompression.

Built for the Benefits

Reliable, Trustworthy Performance

The Teeter is an FDA-Registered 510(k) Medical Device indicated for back pain and related conditions. UL Listed Label demonstrates independent certification to meet the toughest quality standards.
